HELLO THERE!

I'm Aaron Potter. I have over 18 years of photography experience.

My passion for photography began in 2005 by experimenting with light painting in a completely dark room at night and I was hooked.

I then went onto graduate from the prestigious Hallmark Institute of Photography. Over the years I have invested into furthering my education and keeping up with the latest technology for capturing, editing and archiving images.

I love laughter and capturing memories. Each time I spend photographing a wedding is special. I love sitting down and catching myself smiling while editing the precious memories. I would be honored to capture the moments your life has in store.
